Way of Life & Traditional Customs Teachings

with Elder, Annie Metat & Knowledge Keepers

CREATING A SENSE OF CALM AND BALANCE

What children learn from Grandparents & Elders stick with them
Singing to the baby before birth is very important
Role models of the Grandparents, Elders, Aunts, Uncles and older Siblings
Being open and honest & standing up for what you believe
Dances, songs and language connects you to traditions and identity

Which Earth Day Activity Did Your Family Enjoy?

Caring for our Earth happens everyday.

Environmental health is a vital component of the overall health of First Nations people.

Many continue to rely heavily on the environment for their social, cultural, economic, and physical well-being and survival.

As guardians of our lands and waterways, it is our honour and duty to protect, maintain, represent, and cherish Mother Earth and her creations, including wildlife and plants.

Share a short story and picture of your family's activity of caring for the Earth.

Submit story and photo for a chance to

WIN ONE of FOUR PRIZES!

Prizes range from \$25-\$100 gift certificates!

DEADLINE: Submit by April 30, 2021 @ 12:00 PM (Noon)

Note: Electronic bids missing the above subject may be missed from consideration.

Deadline to submit bid and menu will be April 29, 2021.

CAREER OPPORTUNITY

Newmont is the world's leading gold company and a producer of copper, silver, zinc and lead. The Company's world-class portfolio of assets, prospects and talent is anchored in favorable mining jurisdictions in North America, South America, Australia and Africa. Newmont is the only gold producer listed in the S&P 500 Index and is widely recognized for its principled environmental, social and governance practices. The Company is an industry leader in value creation, supported by robust safety standards, superior execution and technical proficiency. Newmont was founded in 1921 and has been publicly traded since 1925.

Mine Engineering Graduate

Borden Mine – Chapleau, ON

Member of the Mine Technical Services team for Porcupine's Borden operation, Canada's first all-electric mine. Collaborate with Mine Operations and other relevant departments.

Essential Duties

- Contribute to engineering activities in support of ongoing and future mining activities
- Complete engineering work on projects identified by the engineering and operating groups
- Conduct field visits to collect data, inspect implementation and various inspections
- Identify, participate and/or implement engineering projects to enhance safety and operational effectiveness as part of a continuous improvement strategy
- Ensure the use of standard procedures and policies and contribute to the development of improved procedures, guidelines and standards
- Ensures compliance of company policies and procedures
- Works with and interacts well with other groups, such as Operations, Maintenance, Environmental, Health & Safety and Human Resources
- Ensures compliance with all provincial and federal laws for safety, employment and environment

The above duties and responsibilities are representative of the nature and level of work assigned and are not necessarily all-inclusive.

Training & Experience

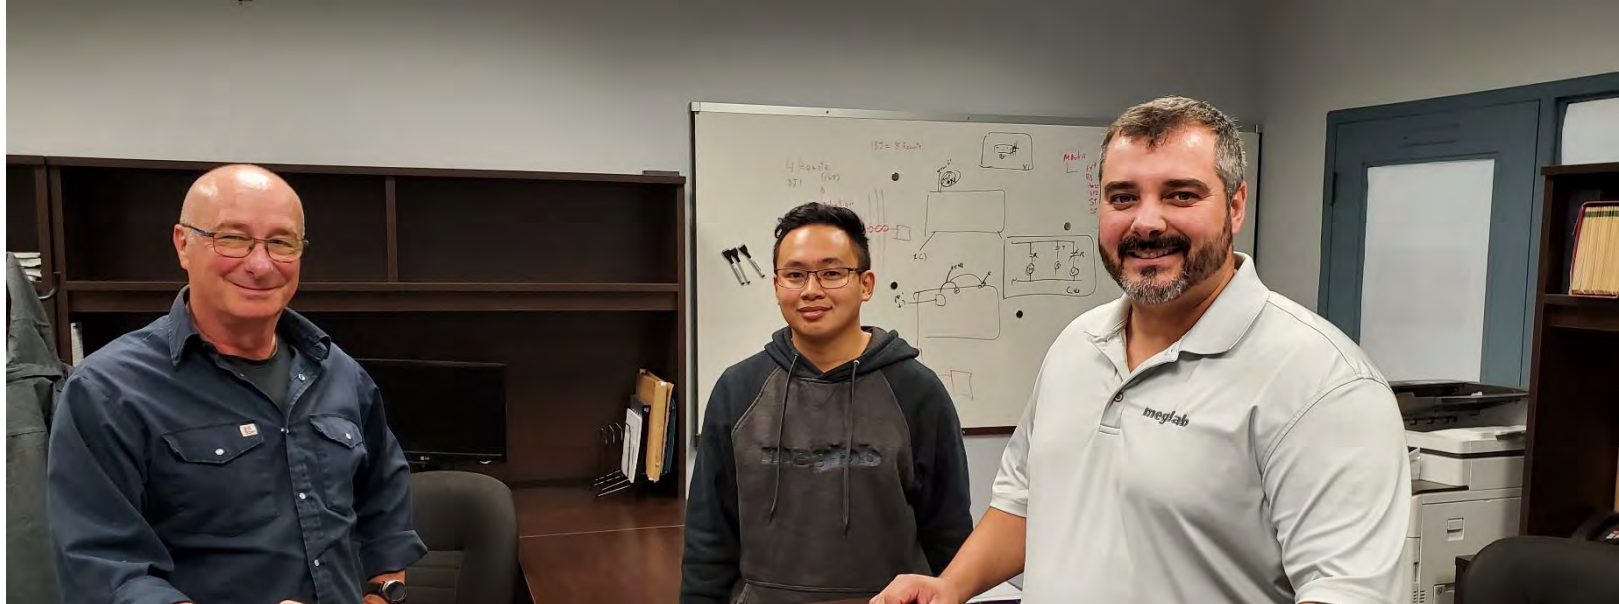

- Bachelor's degree in mining or geotechnical engineering. Eventually available to be licensed in the province of Ontario within Professional Engineers Ontario
- Less than 1-2 years of professional mining engineering experience
- Technically competent and has a good understanding of key business drivers for underground mining
- Able to effectively create strategic relationships with engineering, operations and management personnel
- Has strong communication and people skills
- Able to effectively make presentations on underground projects
- Be focused, clear and decisive
- Able to impact and influence in order to gain the alignment of the engineering, project, geology and operation groups

Working Conditions

- This position is located at Borden, part of Newmont's Porcupine mine site near Chapleau, ON.
- In this role, you will work a 5x2/4x3 schedule. As such, if you do not live near the site, we will require relocation.

How to Apply

Please send a copy of your resume to FNBordenGoldHR@newmont.com and include Requisition ID 12885 in the subject line. [Optional] Please identify which community you associate with. The deadline to apply is **April 29, 2021**. As an equal opportunity employer, Newmont is committed to diversity, inclusion, and accessibility. We encourage all qualified candidates to apply. Accommodations are available on request for candidates taking part in all aspects of the selection process. All properties owned by Porcupine Operations are now Tobacco-Free. This includes but is not limited to all buildings, parking lots, vehicles, the surrounding wooded area, roadways, tailings, rehabilitated sites, etc.

JOB OFFER PLANNER

The planner works with the electrical teams to develop a production schedule, revises it and keeps it up to date. He ensures that the scheduled deadlines are met, he performs daily follow-ups to assess progress with the appropriate stakeholders and informs the manager of any factor affecting the schedule. The planner must check the deadlines for the delivery of materials and equipment and propose solutions when there is a delay.

REQUIRED PROFILE

- Basic knowledge of electricity
- Very good computer knowledge, office suite (SAP is an asset)
- Rigour and have an open mind in your approach
