### MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The accompanying financial statements of **Chapleau Cree First Nation** are the responsibility of management and have been approved by the Chief Council of the First Nation.

The financial statements have been prepared by management in accordance with Canadian public sector accounting standards. Financial statements are not precise since they include certain amounts based on estimates and judgments. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the financial statements are presented fairly, in all material respects.

The Council maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Council's assets are appropriately accounted for and adequately safeguarded.

The Council is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

The Council reviewed the Chapleau Cree First Nation's financial statements and recommends their approval. The Council meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the financial statements and the external auditors' report. The Council takes this information into consideration when approving the financial statements for issuance to the Members. The Council also considers the engagement of the external auditors.

The financial statements have been audited by KPMG LLP in accordance with Canadian generally accepted auditing standards on behalf of the members. KPMG LLP has full access to the Council.

## INDEPENDENT AUDITORS' REPORT

To the members of Chapleau Cree First Nation

We have audited the accompanying financial statements of **Chapleau Cree First Nation** which comprise the statement of financial position as at March 31, 2016, the statements of operations and accumulated surplus, changes in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, these financial statements present fairly, in all material respects, the financial position of Chapleau Cree First Nation as at March 31, 2016 and its results of operations and accumulated surplus, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Notes to Financial Statements

Year ended March 31, 2016

The Chapleau Cree First Nation (the "First Nation"), located in Chapleau, Ontario administers programs and provides services to First Nation members.

### 1. Significant accounting policies:

These financial statements of Chapleau Cree First Nation are the representation of management and have been prepared in accordance with Canadian generally accepted accounting principles for local governments as recommended by the Public Sector Accounting Board (PSAB) of the Chartered Professional Accountants of Canada. The following is a summary of the significant accounting policies followed in the preparation of these financial statements:

#### (a) Reporting entity:

The reporting entity includes activities of all committees of the First Nation under the control of Chief and Council.

## (b) Basis of accounting:

The First Nation follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

### (c) Inventory:

Inventory is measured at the lower of cost and net realizable value by using the weighted average costing methodology. The First Nation uses the same cost formula for all inventory having a similar nature and use to the entity. When circumstances which previously caused inventory to be written down no longer exists the previous impairment is reversed.

#### (d) Investments:

Investments consisting of publicly traded shares are recorded at market value.

Notes to Financial Statements

Year ended March 31, 2016

### 1. Significant accounting policies (continued):

#### (e) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

#### (i) Tangible capital assets:

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land and landfill sites, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Buildings	25
Roads infrastructure	20 - 50
Machinery and equipment	5 - 10
Furniture, computers and fixtures	3 - 10
Vehicles	5
Social housing	25

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

#### (ii) Natural resources:

Natural resources that have not been purchased are not recognized as assets in the financial statements.

#### (iii) Works of art and cultural and historic assets:

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

### (f) Revenue recognition:

Revenue is recognized as it becomes receivable under the terms of applicable funding agreements. Funding received under the funding arrangements which relates to a subsequent fiscal period is reflected as deferred revenue in the year of receipt and classified as such on the statement of financial position.

Notes to Financial Statements

Year ended March 31, 2016

#### 1. Significant accounting policies (continued):

### (g) Consolidated revenue fund:

Funds held in trust are comprised of funds held in Ottawa Trust accounts and arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

### (h) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods specified. Significant items subject to such estimates and assumptions include the carrying amount of tangible capital assets, and valuation allowances for receivables and inventory. Actual results could differ from those estimates. These estimates are reviewed periodically, and, as adjustments become necessary, they are reported in earnings in the year in which they become known.

In addition, the First Nation's implementation of the Public Sector Accounting Handbook PS3150 has required management to make estimates of historical cost and useful lives of tangible capital assets.

Actual results could differ from these estimates.

#### (i) Employee future benefits:

The First Nation provides pension benefits under a defined contribution pension plan. The cost of the defined contribution plan is recognized based on the contributions required to be made during each year.

### 14. Budget figures:

Budgets established for capital funds are based on a project-oriented basis, the costs of which may be carried out over several years. Current fund budgets are affected on an ongoing basis, depending on when various government programs become available to the First Nation. Accordingly, the budgets are not directly comparable with current year actual amounts and therefore, budgets have not been reflected on the statement of financial activities.

#### 15. Segmented information:

Chapleau Cree First Nation is a diversified governmental institution that provides a wide range of services to its band members, including band support, health services, education, social assistance, and capital. For management reporting purposes the First Nation's operations and activities are organized and reported by fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Services are provided by departments and their activities are reported in these funds. Certain departments that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

#### **Social Housing**

The housing department manages the operations of the various rental housing owned by the First Nation including both CMHC and other housing. This includes tenant identification, rent collection and maintenance management.

#### **Health Services**

The health services department provides a diverse bundle of services directed toward the well- being of the members of the member First Nations including such activities as long-term care, health centers, diabetes, fetal alcohol syndrome, mental health, smoke free programs, traditional healing, and training designed to enhance the health of member communities.

#### Education

The education department provides education management services to the member First Nations as well as overseeing various small incentives on behalf of the communities.

#### **Band Support**

The band support department oversees the delivery of all governmental services. The department is responsible for ensuring that there are adequate policies and procedures in place to safeguard assets and to properly report financial activities. In addition, this department includes the governance activities of chief and council and management and assistance for computer and communications related projects and services.

### 15. Segmented information (continued):

### Capital

The capital department provides services for the longevity of the First Nation by the acquisition and development of land resources, equipment, roads and housing. Revenue and expenses included in the capital department are generally of long-term in nature, capitalized in the accounts of the First Nation and amortized over their useful life.

For each reported segment, revenues and expenses include amounts that are directly attributable to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocations methodologies are employed in the preparation of segmented financial information, including transfers that have been apportioned based on a percentage of budgeted expenses.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in the summary of significant accounting policies.
